Following are the changes desired:

#1. Add to the top center of the building a flag pole and U.S. Flag in full color. Bank particularly wants the "base" of the pole to be same as shown on their building, see photograph "A" attached.

#2. At the extreme left side of the building, an auto or two were removed from our original photograph thus our artist did not see that there are two flower pots at each end of the left side of the building, and NOT one long pot as hand colored proof would indicate. Please have this changed to show one pot at each end. Each pot is 74 inches long and about 1/7th of the width of the bldg which is 43 feet wide (516 inches). On the reduced scale of our hand colored proof the pots would be about as indicated in pencil. The center section between the pots is cut back on a level with the sidewalk and comes straight down flush with the side of the building. Our proof now shows the correct shape and proportion of the pots except the length along the side of the building as mentioned above. THERE ARE TO BE NO FLOWERS OR GREENS shown in these Flower pots.
